First issue of a new dystopian satire, written and cocreated by cartoonist, publisher, and Pulitzer Prize finalist Matt Bors! The Wrong Earth continues its season of one-shots with a compelling tale by the superstar team of Mark Waid (Kingdom Come, Dr Strange) and Leonard Kirk (Second Coming). After a few near-catastrophic mistakes by the Stingers of Earth Alpha and Earth Omega, the heroes of both Earths decide to teach their sidekicks some hard lessons. Can these junior partners live up to the expectations of Dragonfly and Dragonflyman, or will they ultimately be pushed too far? All five WRONG EARTH specials feature covers by co-creator Jamal Igle and a special incentive cover by legendary artist Gene Ha (Top Ten, Mae). This issue also features a second incentive cover by Richard Williams (MAD).

This hefty volume collects Steve Lafler’s BugHouse, a tale of Bebop jazz with an all-insect cast. He doesn’t back away from the horrors of addiction in creating BugHouse, but Lafler’s real game is depicting the joy of music in the language of comics with his signature fluid brushwork. The artist was inspired by Max Fleischer animations as a tot, literally falling into a lush world, peopled by buggy creatures rapping over swing jazz, dancing all the while...

$21.99	**FULL COLOR HARDCOVER** 96 pages	**IN STORES FIRST WEEK** JUL 06	**TRIM SIZE (INCHES)** 8.5 × 11.75

WRITTEN, ILLUSTRATED, COLORS, LETTERED & COVER BY: **JENN WOODALL**

In 2115, Earth has been abandoned as a lost cause, and humankind has moved on to space colonization. At a decrepit high school on the moon for underprivileged youth, Stab, Yuki, and Una are three teenagers who try to keep their boredom and resentment at bay by fighting rival gangs and cliques, hanging out, and sleeping their way through class, all while trying to avoid punishment from the student council. Fights over turf, respect, and snacks lead to unearthing an exciting secret, but is their friendship strong enough to forge a new future?

NEW SERIES!

"An expertly drawn sci-fi adventure that is just brimming with heart. Even though Earth has been left behind, the feelings in the story feel deeply of this world."
—Tillie Walden (*On A Sunbeam*, *Spinning*)

"Great characters and fun story, but the real star is Jenn Woodall's cartooning, art, and voice (and also Stab)! All too relatable to anyone who has ever felt stuck and cut class. Except when school is on the moon, you need a spaceship to escape!"
—Jim Rugg (*Street Angel*)

PENTAGRAM OF HORROR!
COVER A

Pentagram of Horror is a new horror anthology with each issue being a stand-alone story. Hate can create and destroy. Hate can unite or divide. Hate is one of those characteristics that makes us human. For some it is an obstacle, a feeling to be ashamed of and repressed; for others it is a fuel that helps bring about great and revolutionary actions. In this chapter entitled "United in Hate" we will see a man who embraces his human nature and will do anything to give us the world we deserve. A world where we too can be free to be human. To be united...

Jordan and Walt love comics, especially those that follow the adventures of their favorite real-life superheroes! Jordan idolizes the high ideals and selflessness of the more noble heroes, but Walt prefers the street-level vigilantes who punish the bad guys with crippling force.

When the fifteen-year-olds decide to don ski masks and patrol their neighborhood to become heroes themselves, they are easily beaten by a mugger and narrowly escape becoming stabbing victims themselves. Undeterred, they try again, but this time there are guns, and this time there are radioactive cannisters, and this time…well read the premiere issue of Wannabes to find out! Enjoy the first issue of this NON-STOP! title followed by the entire story collected soon after in one volume.
